Dear Property Owner:

The purpose of this letter is to advise you that the new sanitary sewer system constructed by the City of Fort Lauderdale under the *WaterWorks2011* Program to serve your property has been completed and will soon be certified and ready for connections.

It is anticipated that certification of the new sewer system for your sewer connection should be within the next 30 days. **HOWEVER, you cannot connect at this time. You will receive an Official 90-Day Sewer Connection Notification once the sewer system is officially certified by Broward County and approved by the City Engineer as being ready for your connection.** The 90-day Notification will advise you that you have 90 days to pay your Connection Fee, obtain a plumbing permit, and connect your property to the new sewers. The 90-day Notification will be sent via certified mail, and will advise you of the amount of your Connection Fee, and the due date for your payment.

Connection of your property to the new sewer system includes construction of plumbing from your building to the sewer lateral that has been installed at your property line, and abandonment of your existing septic system. Additional information about the sewer connection requirements, grant and financing opportunities, and tips for selecting a plumbing contractor are listed on the back of this letter.

To learn more about your payment and connection requirements, you are invited to attend the **Riverside Park Neighborhood (Sewer Area 1 Basin B) Connection Workshop**. Details of the workshop are as follows:

Date: Wednesday, June 10, 2009
Time: 6:30 pm to 8:00 pm
Location: Riverside Park – Community Center
555 SW 11 Ave, Fort Lauderdale 33312
Neighborhood Website: www.riversidepark.org
